

DISPENSER tank

art. AP3400.10.01

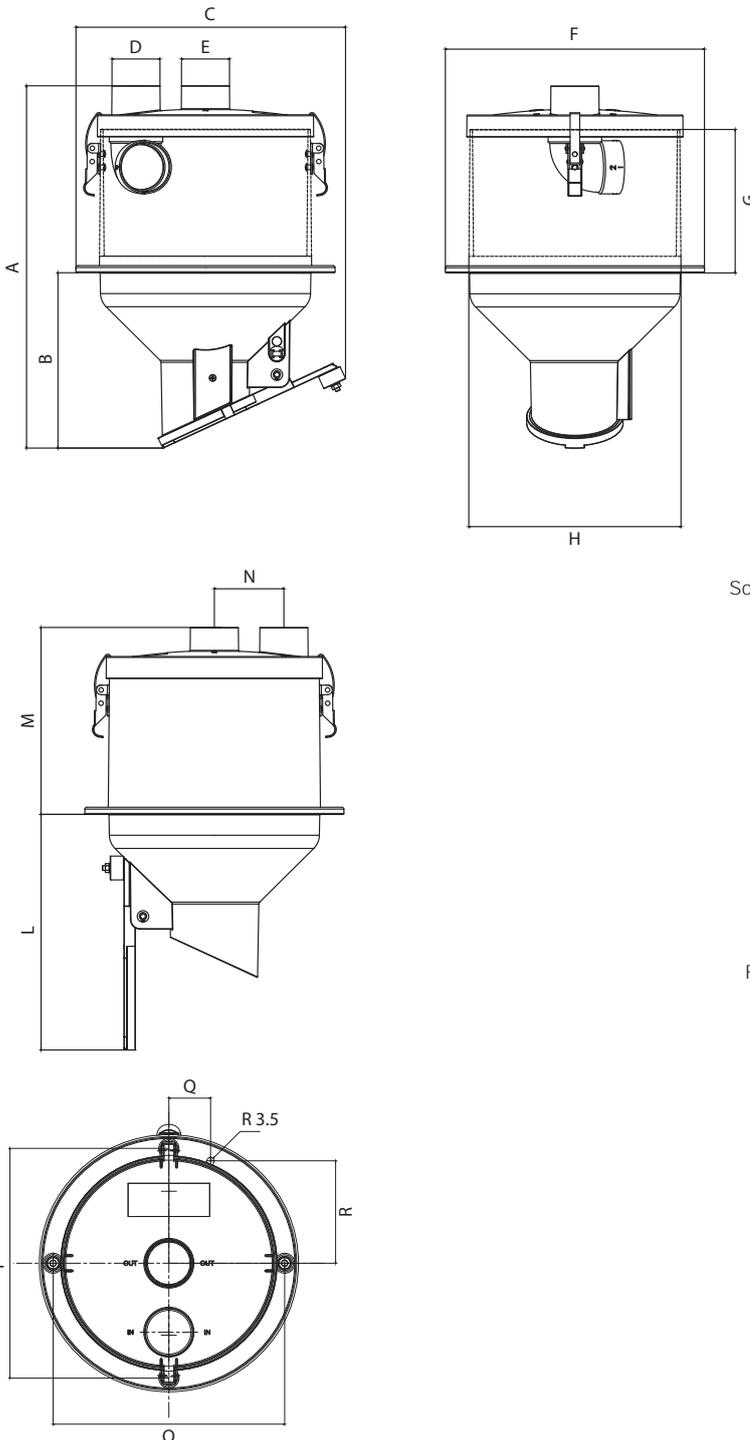

Fuel tank for pellet supply

Product description

Dispenser is very easy to install and it can be used with all tanks that come with the pellet boilers. It is made of fire retardant plastic, therefore it is absolutely safe. The installer and the user can check its efficiency constantly, thanks to its transparent container. It guarantees thousands of working cycles, and it is extremely reliable.

It is supplied with a template for piercing and assembly and a connection cable for Control Panel.

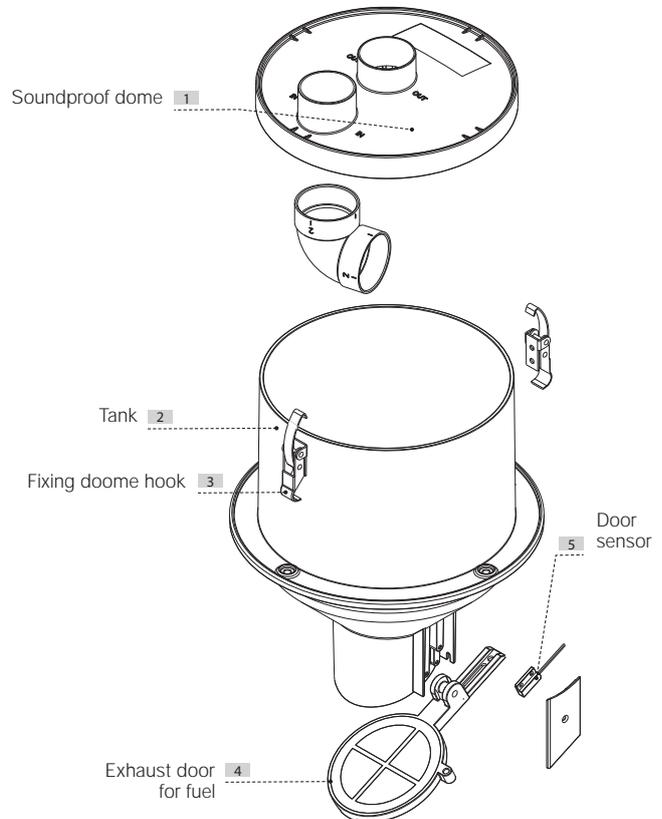

The door sensor, connected to Control Panel DRIVE, guarantee maximum safety in case of malfunctioning.
